Saisystems International Wins Coveted Innovator of the Year Award

SHELTON, CT (December 26, 2017)—Saisystems International was recently honored with the 2017 Innovator of the Year Award from the Greater Valley Chamber of Commerce (GVCC) at the Annual Holiday Breakfast and Awards Celebration.

The unexpected honor came just over a month after the company's brand refresh and 30th anniversary celebration.

"This is a prestigious honor and we are humbled to have been considered, let alone take home the award," said Saisystems International President and CEO Dr. Ramesh Wadhvani. "This is great way to round out such a significant, prosperous year."

The Innovator of the Year Award recognizes and celebrates companies that are creating game-changing ideas, processes, products, services, and business models. The company joins the ranks of past recipients like PerkinElmer and Thule Group.

"The Chamber is honored to present Saisystems International and its affiliates with this prestigious award in recognition of its 30 years of innovation as a full service technology and health company," read the announcement email from GVCC President Bill Purcell.

Dr. Wadhvani accepted the award surrounded by successful Valley peers, giving a powerful speech about the benefits of hard work and conducting honest business.

The innovation honor concluded a very exciting year for Saisystems International, and the company looks forward to building on this momentum in the New Year.
